

HAVE YOU EXPERIENCED INTERRUPTIONS IN YOUR
HIV MEDICATIONS?

HELP US EVALUATE ACCESS
TO HIV CARE AND
TREATMENT IN BC

Email:

tpakhomova@bccfe.ca

Phone: 604-682-2344 ext. 63945

Or speak to your healthcare provider for more information on this research study

You may be eligible to participate in The SHARE Study if you:

1. Are HIV positive;
2. Are 19 or older;
3. Have been on antiretroviral therapy (ART) either currently or in the past;
4. Have experienced an interruption in your medication or have waited to start medication after receiving a diagnosis of HIV.

Your time is valuable to us. A \$40 cash honorarium will be provided when you complete your interview. Participation in this research study involves the completion of an hour long, audio recorded interview about your experiences with HIV care and treatment.

Email our study coordinator at tpakhomova@bccfe.ca or call 604-682-2344 ext. 63945 to participate or find out more.

A qualitative study of patient and provider perspectives on overcoming barriers to HIV care and retention
(The SHARE Study)
